Dear Assemblyman Lackey,

San Bernardino County Professional Firefighters are proud to endorse your re-election to the California State Assembly.

During your eight years at the State Capitol, you have consistently been a leader in the field of public safety. Unlike your opponent, Firefighters can count on you to deliver results on the important issues of fire protection and prevention that impact so many of our High Desert and Mountain communities.

The Members of the San Bernardino County Professional Firefighters commend your 28 years of service with the California Highway Patrol, as well as your many years of dedicated community involvement as a member of your local School Board and City Council.

You have been a truly effective voice for the residents of our High Desert and Mountain communities. We believe that the people of San Bernardino County will benefit greatly from your continued representation.

San Bernardino County Firefighters strongly urge all voters in the 34th Assembly District to join with us in supporting your re-election to the State Assembly.

Best regards,

Jim Grigoli, President
San Bernardino County Professional Firefighters, IAFF Local 935
